

## Supplementary Figure 2

**A**

**B**

### Supplementary Figure 2:

**A** Correlation of age at induction with the abundance of  $\alpha 4^+ \beta 7^+$  CD3<sup>+</sup> T cells at baseline in patients with CD (n = 26). Pearson's r is indicated.

**B** Abundance of  $\alpha 4^+ \beta 7^+$  CD3<sup>+</sup> T cells in patients with CD with (n = 7) and without (n = 19) previous surgery.
